Short-Term Study Programs in Hessen, Germany

2016

Greeting from the Hessen State Minister for Higher Education, Research and the Arts

Dear students,

It is my pleasure to invite you to the state of Hessen, Germany for the Hessen International Short-Term Programs. In 2016, Hessen Universities will offer eight different Short-Term Programs in various cities in the summer and winter.

In a globalizing world, it is important to meet people and create networks. The Hessen International Short-Term Programs can play a vital part in this process as they will give you the opportunity to meet new people from different countries and establish friendships which will last well beyond the duration of the program.

The Short-Term Programs offer study tracks with interesting topics from a wide range of subject areas and German language courses on different levels. Since the academic achievements of the programs are recognized internationally, you can also benefit from your work in Hessen by receiving credits at your home university.

Aside from academics, the integrated cultural program offers many events and excursions to see and learn more about the people and cities, the cultural heritage and the beautiful landscape of Hessen.

Hessen is a cosmopolitan and hospitable state – join our international programs to find out yourself!

Yours,

Study Program

The content of the study program varies according to the profile of each university. Most courses are taught in English, some Hessen Short-Term Programs also offer courses taught in German.

Faculty

The program faculty consists of experts in their individual fields. They come from the participating Hessen universities and their international partners.

Course Credits

Upon successful completion of the program, you will receive credits based on the European Credit Transfer System (ECTS). For each seminar/module (including the German language course), you will receive ECTS credits that often can be transferred to your home university. Thus, after studying in Germany for four weeks, not only will you have spent an exciting time in Germany, but you will also have earned credits that can contribute to your academic career.

Language Courses

In addition to the study program, Hessen:ISUs and IWUs provide the opportunity to learn German. There is no more effective way to learn German than to learn it in Germany and to be able to practice it in your daily life. German language classes are offered at varying levels of competency to cater to those who have never learnt German and to those who want to improve their language skills.

Accommodation

Depending on the particular program, you will be hosted in dormitories, shared apartments, or hotels, or placed with host families that have been carefully selected by the program team.

Personal Aspects

Throughout the program, a highly motivated team of counselors will assist you on matters pertaining to the organizational and social aspects of the program. In addition, reliable academic counseling and information on study opportunities in Hessen will also be made available to you.

Cultural Program

All Hessen Short-Term Study Programs offer exiting excursions to give you the opportunity to see more of Hessen and Germany. You will get to know the people and the cultural heritage, and have the opportunity to enjoy the beautiful landscape. In addition, bars, cafes, and cinemas are great authentic settings for you to practice German!

Who can participate?

The Hessen programs are designed for both students and working adults in the fields of politics, economics, law, culture, media, and technology who want to learn more about the German and European dimensions of their respective fields.

Furthermore, Hessen Short-Term Study Programs offer great opportunities for both learning and refreshing German language skills through the intensive language courses.
